

RESIDENTIAL SURVEY FORM

The purpose of the Residential Survey Form is to acquire and maintain current information about each residence. We are looking to obtain basic information about each residence to use in the event of an emergency. During an emergency the information you have provided in advance could prove to be invaluable to emergency personnel in the event that damage to your property occurs, evacuation is required, or residents are missing.

Residence Address: _____

Address number visible from the street? ___ YES ___ NO Where is it? _____

Residents Status:

Number of total residents: _____ Number of children: _____ Number of seniors: _____

Residents requiring special assistance? ___ NO ___ YES

If YES, please describe: _____

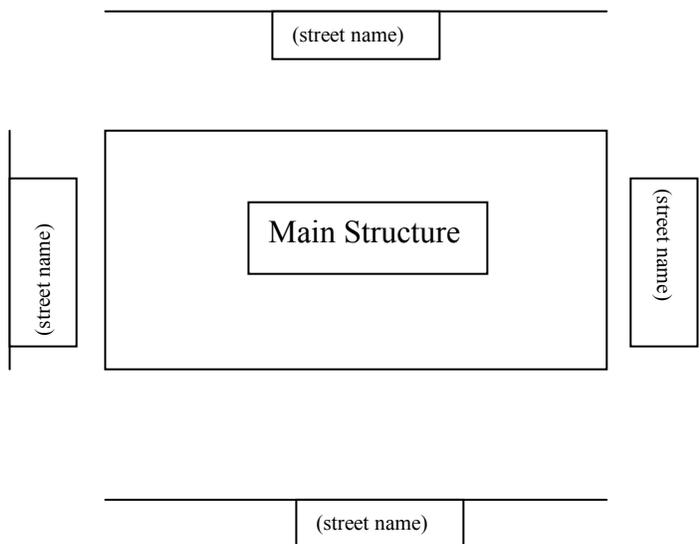

Number/Category of pets in residence: _____

Residence Utility Information:

Label the streets that are contiguous with the property.

Mark locations of gas, water and electric shut-offs using "G", "W", and "E".

Include any dimensions/notes on the sketch and/or add special notes (i.e., gas meter is hidden in shrubs at base of stairs, locked gates) in note section below.

Notes:
